

The must-have for individual and professional investors

As a specialist in financial information and stock market advice, Investir accompanies the entire investment cycle with the right tempo :

ANTICIPATION – ACTION - REACTION

- Every week, **L'Hebdo** allows you to **mature your decision** thanks to its privileged advice, in-depth analysis, ratings, and complete thematic dossiers (real estate, retirement, taxes, life insurance, etc.).
- On a daily basis, **the newsletters reserved for subscribers** provide key information to **adjust decisions**, get a complete overview of financial and stock market news.
- In real time, **the site and the app** allow you to **take action**.

Since March 2020, **a partnership with Vigéo Eiris** has made it possible to

- integrate ESG indicators into advice and recommendations
- to produce a monthly special report dedicated to the ESG theme
- to propose ESG ratings in the rating each month.
