

The medium of economic pedagogy for young people

Pour l'Eco gives young people the keys **to understand, participate and emerge in the major debates that run through society.**

8 sections to decipher the world through the prism of economics:

- **On the spot:** news decoded thanks to the economy
- **Cry sheets:** dates, key figures and unusual information
- **On the scanner:** deciphering an economic preconceived idea
- **On the cover:** a burning socio-economic issue is scrutinised
- **Data zoom:** a quantified dive into an economic phenomenon
- **And you, what do you think? :** the debate is open in this section dedicated to opinions
- **This is also eco:** the economy is everywhere, here's the proof!
- **In the game:** letters to the editor and games page
